ACKNOWLEDGMENTS

It is a pleasure to thank those who made this paper possible. This paper would not have been possible without the essential and gracious support of many individuals.

Firstly, I am heartily thankful to my supervisor, Professor Doctor Hüseynaga RZAYEV, whose knowledge, support and guidance has helped me get through the hard process while preparing this paper.

Secondly, I would also express my gratitude towards my family whose love and support have been the greatest asset in my life as well in the formation of my appropriate world view.

Lastly, my hearty felt thanks to go to Aslıhan KARAZOR for supporting me in all the stages of this activity.
